<u>Winners of Hackathon 2022</u>

1. Mr. Banibrata Mukherjee, Indian Institute of Technology Kharagpur; *Research Proposal: Design of Optimized Perforation Based High Performance Piezoelectric Energy Harvester*
2. Mr. Nisanth A National Institute of Technology Calicut; *Research Proposal: Design and Fabrication of Compact MEMS Broadband Piezoelectric Vibration Energy Harvester Array for Powering Low-Power Wireless Sensor Nodes*
3. Mr. Mahammadrafeeq Manvi, National Institute of Technology Karnataka; *Research Proposal: Microcantilever based Piezoelectric transducers for MEMS*
4. Mr. Shuvam Pawar, National Institute of Technology Puducherry; *Research Proposal: Design and fabrication of hydrogen gas sensor based on M/NEMS surface acoustic resonator*
